

# FREEMASONS

KNUTSFORD

Freemasons Pub & Smokehouse first opened in December 2015, after owners Ross Pollock & Chris Storey saw the charming building closed and derelict. They fell in love with the buildings charm, being the former Silk Mill built in 1754 and wanted to breath new life into the historic building once again. Importing Canadian smoke ovens, they decided to open as a contemporary Pub & Smokehouse, with just the right amount of quirk and charm. As our treasured guest, we hope you enjoy your time with us.
